Subject: RE: 2nd Meeting information for tonight

Dear Mr. Oropallo, et al

I have been told by our Public Affairs Division that Natalie Loney, one of EPA's Public Outreach Specialists I spoke about will indeed be in attendance at the meeting and helping Ed to facilitate and respond to press and audience queries. Hope this information helps.

Best,

Melva J. Hayden

Ms. Hayden,

With all due respect, I find this highly unusual, and to let us know the morning before an unprecedented "second" public session - with media presence - is not in keeping with EPA's cooperative stance in this matter. What is driving such a change in procedure?

I am in meetings through 1:00 but would appreciate hearing from you.

Thank you for your immediate attention.
